

# Licensure Disclosure

Pursuant to 34 C.F.R. § 600.9, Faith Baptist Bible College and Theological Seminary is required to disclose consumer information regarding our curricular programs that “foreseeably lead” to careers requiring state licensure. This regulation requires us to determine whether or not our licensure-related programs satisfy the educational requirements for professional licensure in the states where our prospective students are located.

Accordingly, we are required to disclose for each program that leads to licensure whether:

- (1) the program meets the educational requirements for professional licensure in a specific state;
- (2) the program does not meet the educational requirements for professional licensure in a specific state; or
- (3) we have not determined whether our program meets a particular state's educational requirements.

Because licensing requirements differ dramatically by occupational category as well as by state, we encourage prospective students to check their state legislative codes to verify the information presented here. We will strive to update this information on an annual basis by July 1 of each year.

## EDUCATION

Faith's Teacher Education program meets the educational requirement for the following subjects in the State of Iowa:

- Elementary Education: K-6
- K-12 English as a Second Language
- 5-12 English/Language Arts
- K-8 Music
- 5-12 Music
- 5-12 World History

For all other states, it has not been determined if Faith's program meets the respective educational requirements.

## MISSIONARY NURSING

Faith does not offer nursing courses for this degree, but instead requires an external nursing degree to complete the program. Thus, Faith's degree does not lead to licensure in any state for nursing.
