Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	First year	Female	On campus		Thank you very much for all you've done for us! The mango Thai chicken legs and the Chicken Cordon Bleu are two of my new favorite foods! And grilled cheese and tomato soup always seems to pop up just on the days when I'm homesick and I need it.	-It would be nice to have plain cheese pizza available alongside items like the taco pizza or the breakfast pizza or the chicken bacon barbeque ranch pizza. I get overwhelmed by a myriad of flavors in a single dish, so having a plain alternative would be nice. - Any chance we could stock a cereal like honey nut cheerios or wheaties? Something that's more of a grain and less of a sugar cereal would be a nice improvement to the cereal lineup. -Every now and then, the tray of salad that gets put out just looks sad (wilted, slimy on the bottom). I prefer crunchy salad over oozy salad when possible. -I'm very pleased to have such a good dining service overall! Your work is excellent, and I'm thrilled that even when I'm being picky I can always find something to eat.

Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Junior	Female	On campus	I appreciate everything that has been done in Benson, but I do question if the buffet style is the best way to serve food during this time.	It's hard to eat healthy at Benson. Sometimes it feels like you have to eat a salad everyday for every meal for a healthy option.	
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Sophomore	Male	On campus			Get Mountain Dew Baja Blast in the pop machines
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	First year	Male	On campus	I think it has done a very good job. Faith Dining Services has taken a very balanced approach to the situation and I think it has done well.	Some people don't like the food here, but I that it is just kind of popular joke about the food. I think it is very good and there really is a lot of variety, especially with the proteins. Rotating on different days is beef, chicken, pork, salmon, cod, and shrimp. I eat more variety here than I ever did before.	One sentence with three minor things: (1) get rid of the gravy that is on the breakfast pizza, (2) sugar-free yogurt would be really nice for breakfast instead of yogurt that already has sugar, and finally, (3) more fried okra!!- is some of the best I've ever had.

Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	First year	Female	Off campus			The thing that frustrates me the most is the schedule of the students who work in Benson and Twigs. Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Sophomore	Male	On campus	I thought the way the dining service handled was done well. However for people with dietary restrictions, the options were not taken into consideration.	Breakfasts are harder to go to because of the heavy reliance on dairy foods.	
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Administration/Staff		Male	On campus			
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	First year	Male	On campus			Possibly more variety and freshness.

Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Sophomore	Male	On campus			
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Sophomore	Female	On campus		I am semi-lactose intolerant. I noticed that the dining hall is very good about labeling nuts and gluten, but there are little to no allergy labels for what has dairy in it and what is dairy-free. This can be very frustrating for me.	More labels of what has dairy in it/what is dairy-free. Also informing staff of what has dairy in it would maybe help as well.

Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Sophomore	Female	Off campus			I would prefer that dining services would not be opened on Sundays. It keeps too many college students who work at Benson from consistently attending/serving in their local churches. The majority of students end up ending somewhere else on Sundays anyway. If they don't, they can take care of themselves for one day out of the week.
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Senior	Female	On campus			Add a nacho bar?
Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	First year	Transgender	On campus			Add a theme or add decorations of some sort. As it is, the eating room is quite drab and would definitely benefit from some theme decorations, not only on the food lines, but also on the walls, chairs, and tables. Maybe add some artificial plants.

Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Junior	Female	On campus			Having more sugar free, maltodextrin free foods available. Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Senior	Male	On campus			I would have more staple menu items (2 total that aren't fish) when serving fish. I don't like fish, and it can be a little frustrating if the other staple menu item is gone.

Faith Baptist Bible College & Theological Seminary	Benson Hall	0-Dining Hall	Student	Sophomore	Female	On campus	I think the efforts have been effective. There are not too many regulations, but the management is being careful.	No.	Great job!

							They controlled portion sizes during quarantine and it was very difficult to get a balanced amount of food, especially protein, as you could only have, for example, one small hamburger patty. They also scheduled times for each dorm to come get the food, which was good to space things out, but being in the last group meant getting literally scraps and last resort food items. They clearly did not make enough food or plan to have enough for each group to have equal options, which was especially disappointing during quarantine when we couldn't go anywhere. Healthier choices at twigs for when you can't make it to benson. Also, students should be allowed to take more than one fruit from benson
Faith Baptist Bible College & Theological Seminary	Twigs	6 Convenience Store	Student	First year	Male	On campus	While I believe most students (including myself) wish they could have gone to Twigs during the lockdown, I am very grateful for how they handled safety precautions during the lockdown.		For some students, missed meals are inevitable. However, the money used for meals is allocated specifically for that purpose - it does not cross over into the money for Twigs. Would it be possible to transfer the money from missed meals at Benson to the Twigs account?
Faith Baptist Bible College & Theological Seminary	Twigs	6 Convenience Store	Student	First year	Female	On campus		No.	I might add some small packs of frozen veggies to put in Ramen Noodles.

Faith Baptist Bible College & Theological Seminary	Twigs	6 Convenience Store	Student	Sophomore	Female	On campus	I think thev efforts have been effective. There are not too many regulations, but the management is being careful.	No.	Thank you!
Faith Baptist Bible College & Theological Seminary	Twigs	6 Convenience Store	Student	Senior	Female	On campus	They controlled portion sizes during quarantine and it was very difficult to get a balanced amount of food, especially protein, as you could only have, for example, one small hamburger patty. They also scheduled times for each dorm to come get the food, which was good to space things out, but being in the last group meant getting literally scraps and last resort food items. They clearly did not make enough food or plan to have enough for each group to have equal options, which was especially disappointing during quarantine when we couldn't go anywhere.	There needs to be more actual meal options, and we need to get away from frozen foods. Salads to go, the lunch meat with cheese and crackers, microwaveable soups... just options for people who aren't able to go to Benson that don't make you sick to your stomach lol.	Put more money towards healthy and fresh food in twigs, rather than towards a huge variety of ice cream and frozen sandwiches.
