## **FINANCIAL AID AWARDS**

### *What Types of Financial Aid Might I Receive?*

Faith Baptist Bible College & Theological Seminary is dedicated to providing financial aid to students in a way that, based upon available school resources, ensures equal access to Faith for all individuals seeking admission.

A typical freshman financial aid package might look like this:

*Average scholarships and/or grants.....	\$12,372
Federal Direct Loans.....	5,500
Student Down Payment.....	1,500
Payment Plan.....	<u>6,326</u>
Total.....	\$25,698

\*May include School Aid, Federal Pell Grant, Iowa Tuition Grant, other state monies, or other outside scholarships

The Financial Aid Office believes it is of primary importance that you know the various types of aid Faith offers. “Financial aid” means aid provided to students from a variety of federal, state, private and school sources. With the exception of federal and state funds, your financial aid is applicable only at Faith Baptist Bible College & Theological Seminary; you cannot take it with you if you decide to transfer to another institution.

If your financial need or full cost of attendance is met, you may not be eligible for additional aid, including private loans, without reducing other previously awarded aid.

### **Financial Aid Package Notification**

Faith Baptist Bible College & Theological Seminary’s financial aid award packet is your official notification of the financial aid monies offered through Faith’s Financial Aid Office.

The award packet, or aid offer, while not a commitment of funds, is an initial indication of funds from federal, state, or institutional sources; or any aid awarded by any individuals or agencies other than Faith’s Financial Aid Office. Faith scholarships listed in the financial aid award section of your notice will include scholarships for which you have received official notification from the school.

You may accept or decline any of the financial aid offers without affecting any other part of the awarded financial aid package; however, awards that are declined will not be replaced with other aid sources.

Your financial aid award packet is designed to give you a complete summary of your financial aid. Scholarships and grants listed on your award notice may be contingent on the maintenance

of a specific grade point or other academic or performance benchmarks. Please be aware that your awards may be revised if you do not achieve specific scholarship or grant criteria.

If you have questions about the amount of aid to which you are entitled, please contact the Financial Aid Office for a review of your awards. You should retain your awards notice for your records and to use as a reference whenever you have questions about your financial aid package.

#### *What If I Receive Other Aid Not Included in My Award Letter?*

If you receive outside scholarships, grants, or loans that were not included in your official award notice, or if you receive a larger amount than anticipated on your award notice, your previously awarded financial aid will be reviewed by the Financial Aid Office. If necessary, adjustments will be made to assure your financial aid awards are within federal and state regulations.

You should notify the Financial Aid Office immediately upon receipt of outside sources of financial aid. If you do not receive the financial aid expected from an outside source or you receive a different amount, contact the Financial Aid Office for a review of your previously awarded financial aid package.

#### **Combined College (undergraduate) and Seminary (graduate) Course Loads**

Because financial aid is tied to your program of study; combining college and seminary courses may reduce your financial aid.

#### **Need-based Grants**

##### Institutional Grants

Your eligibility for institutional grants is based on calculated financial need and in some cases academic performance. Academic performance is determined by the cumulative grade point average of all previous college work completed. Students registered for 12 or more credit hours per semester are given priority consideration for institutional grants. All institutional grants are awarded on a funds-available basis. Students who choose to live off campus should be aware that such a decision may reduce institutional grant eligibility.

##### Federal Pell Grant

The Federal Pell Grant program is designed to provide financial aid to eligible undergraduates.

Application is made by filing a Free Application for Federal Student Aid (FAFSA).

The Federal Pell Grant program provides grants to full- and part-time students and may be used at any eligible college or university you attend as an undergraduate until you receive your first baccalaureate degree, or exhaust your lifetime eligibility. The award amount may vary

according to the cost of the institution and the number of hours for which you are enrolled. You must be enrolled for 12 credit hours per term to receive a full award. For the 2021–2022 academic year, Federal Pell Grants ranged up to \$6,495. These grants are generally available to families with modest incomes.

### Iowa Tuition Grant (ITG)

This grant is available to qualified, undergraduate Iowa residents who are enrolled at least one-quarter time (three credit hours) at a private institution in Iowa. A student may receive ITG for no more than eight full-time semesters. The ITG is based on financial need, and the federal processors must receive the FAFSA by July 1 for a student to be considered for this award. Application can be made by listing Faith Baptist Bible College & Theological Seminary on the FAFSA. For the 2021–2022 academic year, the maximum full-time ITG award was \$6,800. You must be enrolled for 12 credit hours per semester to receive the full award. An ITG will not be finalized until it is confirmed that you meet Iowa residency requirements.

## **Student Loans**

### Federal Direct Loan

The Federal Direct Loan program is administered by the federal government. You may be eligible to borrow per year up to \$5,500 as a first-year student (less than 27 credits), \$6,500 as a sophomore (27 to 58 credits), and \$7,500 as a junior or senior (59 credits or more). Graduate and professional school students may borrow up to \$20,500 per year. Independent undergraduate and graduate students may have expanded borrowing capabilities based on cost of attendance and other financial aid received. For information regarding the lifetime aggregate borrowing limits for these loans, contact Faith's Financial Aid Office or go to [studentaid.gov](http://studentaid.gov).

The Federal Direct Loan Program includes both subsidized (need-based) and unsubsidized (not based on financial need) loans. You may have either loan type or a combination on your award notice. Subsidized loans are unavailable to graduate level students.

During the time you are enrolled on at least a half-time basis, the federal government will pay the interest on your Subsidized Federal Direct Loan(s). Payments begin after the six-month grace period. Unsubsidized Federal Direct Loan interest will begin to accrue when disbursed. You have the option of paying the interest while you are a student or adding the interest to the principal of your loan.

To qualify for a Federal Direct Loan, a student must file a FAFSA, be admitted to a degree program, be enrolled as at least a half-time student (six credit hours per term in a degree program for undergraduates; five credit hours for graduate students), receive an award notice listing the loan, submit a loan request form to the Financial Aid Office, and have a current Master Promissory Note (MPN). Direct loans have an origination fee.

If you are borrowing a Federal Direct Loan for the first time you must complete the loan entrance counseling prior to the release of funds. You may complete your entrance counseling on the web at [studentaid.gov](http://studentaid.gov). An exit interview is required before you leave the school. When you graduate or cease half-time enrollment, contact the Financial Aid Office to obtain the exit interview materials. Contact your lender/servicer as well to coordinate your deferment or repayment options.

Grade Level and Loan Grade Level Progression:

The school has defined grade level progressions as noted below. Financial aid will use this progression for determining the maximum borrowing levels for student loans.

Undergraduate (credits earned):

- 0-26 Freshman
- 27-58 Sophomore
- 59-89 Junior
- 90 and above Senior

Graduate (credits earned):

- 0-18 Graduate 1
- 19-36 Graduate 2
- 36 and above Graduate 3

### Federal Parent Loan for Undergraduate Students (PLUS)

Direct PLUS Loans for graduate / professional students were authorized by the Higher Education Reconciliation Act of 2005, effective July 1, 2006.

The PLUS loan is available to parents of dependent undergraduate students and graduate / professional students. Borrowers may borrow the difference between the student's cost of education less financial aid. Check [studentaid.gov](http://studentaid.gov) for the latest interest rate, and origination fee information.

Repayment may begin within 30 to 60 days of disbursement, or certain deferments may be available. Check [studentaid.gov](http://studentaid.gov) for deferment options and borrowing limitations. In order to apply for the Federal PLUS Loan, you must complete the PLUS Master Promissory Note (MPN) at [studentaid.gov](http://studentaid.gov), and complete and return the PLUS Loan Request Form to the Financial Aid Office.

### **Other Loans**

If you wish to borrow from private education loan(s), please complete the necessary application from the private lender. FBBC&TS does not have a preferred lender list.

## **Institutional Grants and Scholarships**

The scholarships listed on your package summary must be applied (unless otherwise specified) to the student's direct costs at the school. Direct costs are defined as tuition, fees, and room and board charges.

Faith offers a limited number of endowed scholarships to students who meet certain criteria. You may be considered for a scholarship after you have completed the appropriate application requirements. You should also complete a FAFSA as some scholarships are based upon academic program, academic ability and calculated financial need. Recipients are chosen by the scholarship committee.

## **Outside Scholarships**

Many firms and agencies extend educational benefits to their employees. Contact the personnel office of your father's and/or mother's place of employment to find out if the employer(s) will help finance your education. Don't forget to contact businesses and organizations within your community for possible scholarship funds. Libraries are also good places to check for information.

Please note that outside awards are used in meeting financial need. If your outside awards combined with need-based aid exceed need or cost of attendance, a revision of your financial aid package would be necessary.

## **SATISFACTORY ACADEMIC PROGRESS STANDARDS AND DURATION OF ELIGIBILITY FOR RECEIVING FINANCIAL AID AT FAITH BAPTIST BIBLE COLLEGE & THEOLOGICAL SEMINARY**

The Higher Education Act of 1965, as amended, requires that each student maintain satisfactory progress toward a degree in order to receive financial aid. At Faith, these standards are established for students who are receiving or applying for financial aid from one or more of the various federal, state, or school grant, scholarship, and loan programs.

The Faith Baptist Bible College & Theological Seminary Satisfactory Academic Progress Standards for Financial Aid apply to all students who want to establish or maintain financial aid eligibility. These standards apply to a student's entire degree program including terms for which financial aid was not applied for or disbursed.

These standards require students to complete a specific number of credit hours each academic year and maintain the minimum Grade Point Average (GPA) as defined by the standards. These are the minimum standards that must be completed. Specific aid programs and college/school or department standards may require MORE THAN these minimum standards.

The academic progress of financial aid recipients is monitored at the end of each semester. Students should contact the Financial Aid Office with questions regarding the intent and interpretation of these standards.

### **Duration of Eligibility**

Students must earn two-thirds, or 67%, of their attempted credit hours. Students who do not have the appropriate credit hours will receive a warning or be placed on financial aid suspension until the student has earned two-thirds of his/her attempted credit hours.

Eligibility will terminate when the credit hours required for a specific degree/program are earned or the student has attempted greater than 150% of the credit hours required for a specific degree/ program.

### **Grade Point Average (GPA) Requirements**

Students must maintain a minimum cumulative GPA. The minimum GPA requirements for all students (full or part-time) is 2.00 (not rounded [effective end of fall 2016 semester])

MA and MAR degree seeking students who do not have the minimum GPA will be placed on Financial Aid Suspension. Students enrolled in the one-year Biblical Worldview program will be placed directly on Financial Aid Suspension if their GPA is not at a 2.0 or higher after their first semester. All other students who do not have the minimum GPA will be placed on Financial Aid Warning. After one semester on Financial Aid Warning; students who do not have the minimum GPA will be placed on Financial Aid Suspension.

### **Financial Aid Warning**

Students are placed on Financial Aid Warning at the conclusion of their first semester in which their cumulative GPA drops below a 2.0. They then receive one probation semester as part of the warning, in which they may retain their Financial Aid scholarships and awards, but need to work to improve their cumulative GPA back above a 2.0. Unless an exception is granted/approved, students will receive only 1 warning semester for the duration of their education at Faith. In other words, if they receive a warning and then their cumulative GPA improves to a 2.0 or better, but then in a subsequent semester falls below a 2.0 again, they will not receive an additional warning, their Financial Aid status would move directly to suspension.

Once a student is placed on Financial Aid Warning:

1. A letter goes out to the student's listed home address
2. A letter goes out to the parents
3. An email goes out to the student and parent
4. A phone call is placed to the student and parent

\*\*Unless the student has been dismissed or withdrawn and will not be enrolled for classes the following semester

**\*\*Parents are only contacted for dependent students**

### **Financial Aid Suspension**

Students are placed on Financial Aid Suspension after they have received a Warning and have failed to improve their cumulative GPA to a 2.0 or higher. Additionally, students who enrolled in the one-year Biblical Worldview program are placed directly on Financial Aid Suspension after their first semester if they do not achieve a term GPA of 2.0 or higher. Students may also be placed on Financial Aid suspension if they carry an 'Incomplete' grade status for a course they took a year or more ago. In other words, students have one semester to resolve any 'Incomplete' grades. After carrying an 'Incomplete' for a semester it needs to be resolved or a student will be placed on Financial Aid Suspension until it is. Once a student is placed on Financial Aid Suspension:

1. A letter goes out to the student's listed home address
2. A letter goes out to the parents
3. An email goes out to the student and parent
4. A phone call is placed to the student and parent

**\*\* Unless the student has been dismissed or withdrawn and will not be enrolled for classes the following semester**

**\*\*Parents are only contacted for dependent students**

Students placed on Financial Aid Suspension may have their financial aid reinstated if they satisfy the following requirements:

1. Meet all Satisfactory Academic Progress requirements; or
2. Successfully appeal the financial aid suspension

### **Financial Aid Probation**

If a student's appeal is approved, they must meet the following requirements:

1. Follow the Academic Completion Plan that was submitted with the appeal
2. Limit credit load to 12 credit hours or fewer
3. Earn a semester GPA of at least 2.2

Failure to meet these requirements will result in the loss of financial aid eligibility until the minimum satisfactory academic progress standards have been achieved.

### **Appeal Process and Questions**

Extenuating circumstances that result in a student's failure to achieve the minimum credit hours and/or GPA requirements are evaluated by the Financial Aid Committee. For questions regarding this policy or to submit written appeals, please contact:

### **Other Information**

The Incomplete is not factored into academic progress until the grade is assigned by the faculty member. Incomplete courses that remain after one semester will result in financial aid suspension until they are resolved.

Transfer Credits: Upon admission, transfer students are assumed to be maintaining satisfactory academic progress.

Credit by Examination: Credits earned by examination may be used to satisfy cumulative credit requirements.

Non-credit Coursework: Non-credit coursework, audits and withdrawals are not counted in the minimum credit requirement.

### Receiving Financial Aid

All scholarships, grants, and loans awarded by Faith’s Financial Aid Office and accepted by you will be credited directly to your account.

Remember, one-half of your academic year award is credited to your account at the beginning of each semester. Outside scholarships/loans are not credited until the funds are received from the donor/lender.

*What happens if I am entitled to a refund to help cover some of my living costs?*

If your student account is credited with more funds than you owe Faith, you will receive a check for the amount of your credit balance.

## **Payment Options**

The amount you owe Faith may be paid in full each semester or in monthly installments through the automatic monthly payment plan.

With the semester payment option, payments are due each semester on the first day of class for the total costs of the semester, including tuition, fees, and room and board, after financial aid has been applied.

The automatic monthly payment plan allows students to divide their tuition bills into smaller monthly payments. There is a fee for using the payment plan.

New students and students re-enrolling must pay a deposit of \$200 to the Admissions Office. The deposit will be deducted from your semester bill when you register. Financial aid may not be used to pay the deposit. The deposit is refundable until May 1.

All students must submit a down payment by no later than the first day of classes for the fall semester. For new students the down payment is \$1,500; for returning students the down payment is \$1,000.

If you want an application for Faith's payment plan or have difficulty making payments, please contact the Office of Student Accounts at 515-964-0601, ext. 217. The Chief Financial Officer may use information from your Free Application for Federal Student Aid (FAFSA) in discussing individual payment for past-due accounts.

3. Loan funds are credited to student accounts after disbursements have been accepted by COD for Direct loans and after funds are received by Faith Baptist Bible College & Theological Seminary for private loans.

## **WITHDRAWING: THE IMPACT ON FINANCIAL AID**

### **Tuition Adjustments Based on Enrollment Changes** (other than complete withdrawals)

A reduction of credit hour enrollment during the drop-add period of the semester may occur without tuition penalty. After the drop-add period, a change from full-time to part-time status or a reduction in credit-hour enrollment, other than a complete withdrawal, will not change tuition charges. For example, a student enrolled for 14 credit hours will receive no tuition adjustment if he or she drops below 14 credit hours after the drop-add period. Tuition adjustments for increased enrollment continue throughout the term.

### **Tuition Adjustments for Complete Withdrawals**

Students withdrawing from Faith Baptist Bible College & Theological Seminary should do so by initiating their intent to withdraw through the Student Life Department. A portion of the tuition charges may be credited to the student's account if the withdrawal occurs before 60% of the enrollment period (semester) has been completed. After 60% of the enrollment period, no adjustment to tuition is made.

The percentage of the period that the student remained enrolled is derived by dividing the number of days the student attended by the number of days in the enrollment period. Calendar days are used; breaks of five or more days are excluded from both the numerator and denominator. Scheduled breaks are measured from the first day of the break to the next day that classes are held. If a break begins on Wednesday and no classes are held the following weekend (classes resume on Monday), the five day break would be excluded from the calculation.

The example enrollment period contains 110 days.

1. Withdrawal on Day 1 =  $1/110 = 0.9\%$
2. Withdrawal on Day 25 =  $25/110 = 22.7\%$
3. Withdrawal on Day 66 =  $66/110 = 60 \approx 100\%$

## Refunds

Refunds based on total withdrawals will be calculated and processed once all adjustments, tuition, room and board, and/or financial aid have been made.

## Financial Aid Adjustments

### Changes in Enrollment (other than complete withdrawals)

Financial aid may be adjusted during the first two weeks of enrollment based upon changes in enrollment and changes in tuition and fees. Eligibility for financial aid for increased enrollment is not “automatically” calculated with an enrollment change. Please contact the Financial Aid Office to discuss changes in enrollment and your financial aid eligibility.

An increase in enrollment after the first two weeks of class may not result in an increase in Federal Pell or State Grants.

## Complete Withdrawals

(See Tuition Adjustments for Complete Withdrawals for information regarding the withdrawal process and the calculation of enrollment percentages.)

During the first 60% of the enrollment period, financial aid from federal and certain state and school programs is earned based on the number of days the student remains enrolled. Financial aid from private scholarship programs is returned to those programs per their individual regulations. Private loans and payments made by students and parents are not subject to the earned aid percentage. These funds are used to pay the remaining balance after adjustments to federal, state, school aid, and school charges have been completed. Any credit balance remaining is returned to the student/parent.

The total amount of unearned Title IV funds must be returned. Unearned Title IV aid is the amount of disbursed Title IV aid that exceeds the amount of Title IV aid earned under the federal formula. Title IV returns are credited in the following order:

1. Federal Unsubsidized Direct Loan
2. Federal Subsidized Direct Loan
3. Federal Graduate PLUS Loan
4. Federal PLUS Loan (for parents)
5. Federal Pell Grant
6. Other federal, state, institutional, or private sources of aid
7. Student/Parent

Students may need to repay financial aid that they did not earn. Unearned state and school program funds are to be returned to their specific program.

A student who remains enrolled beyond the 60% point earns all aid for the period. The 60% point must be met, without rounding off to the nearest percent, to earn 100% of aid for the period.

It is important to understand that Title IV, HEA funds may not cover all unpaid institutional charges due to the institution upon the student's withdrawal. School costs play no role in determining the amount of Title IV funds to which a withdrawn student is entitled. Students will be responsible for payments of costs not covered by the amount of aid earned. Student/parent payments toward original charges may not be refunded in the same proportion as the revised aid.

A student on the school's meal plan who withdraws from the school is entitled to a prorated credit for the remaining weeks, beginning with the Monday of the week following approved withdrawal.

This policy is subject to federal regulations, specifically, the Higher Education Amendments of 1998, Public Law 105-244. Please contact the Financial Aid Office to discuss individual circumstances.

Part-time students are eligible for the following types of financial aid:

#### Federal Pell Grant

Undergraduate students may receive prorated awards determined by their specific enrollment status.

#### Iowa Tuition Grant

If you are an undergraduate student enrolled for three to 11 credit hours, you may receive a pro-rated portion of the award that you would be eligible for as a full-time student with 12 credit hours.

## Federal Direct and Federal Parent Loan for Students (PLUS)

If you are enrolled for six credit hours (undergraduate) or five credit hours (graduate) or more and are admitted to a degree, credential, or certificate program, you may be eligible to receive funds from the Federal Direct and/or PLUS Loan programs.

## Institutional Aid

If you are an undergraduate student enrolled in 12 credits or more you are considered full time. If a student is receiving institutional aid and drops below the status of full time, the student's institutional aid is subject to reduction or in some cases removal. If a student is enrolled in 9-11 credits they are considered three quarters time and will receive 75% of their institutional aid. If a student is enrolled in 6-8 credits they are considered half time and will receive 50% of their institutional aid. If a student drops below 6 credits their institutional aid will be removed entirely.

There are exceptions to this general policy and a student will want to be aware of any eligibility criteria related to an institutional award or scholarship they receive. If a student is a senior and/or in the last semester of their program an exception may be made. Exceptions must be approved through the Financial Aid Office. In addition, if a student has been living on campus and moves off campus, they may be subject to a reduction in their institutional aid.

## **Information for Study Abroad Students**

If you are studying abroad, it is recommended that you visit with a staff member in the Financial Aid Office. This should be done early in your planning to determine what aid can be applied to your study abroad program and to complete the appropriate forms. Whether your financial aid will transfer depends upon the type of aid you have been awarded and the study abroad program you decide to attend.

## **Special Programs**

### Veterans' Benefits

The Veterans Administration administers programs for veterans and service persons seeking aid for education or training. If you are a veteran or a dependent of a veteran and plan to receive educational benefits, as determined by the Department of Veterans Affairs, contact Faith Baptist Bible College & Theological Seminary's Financial Aid Office at 515-964-0601, ext. 206, well in advance of your enrollment to request certification.

To qualify for this provision of VA Benefits, a student is required to provide a Certificate of Eligibility (COE) to the Financial Aid Office upon application and or the beginning of the financial aid planning session.

In compliance with the January 5, 2021, Public Law (P.L.) 116-315 Isakson and Roe Veterans Health Care and Benefits Improvement Act of 2020, Section 1010 – Verification of Enrollment to

receive Post 9/11 Educational Assistance benefits, the Institution will create a dual certification process when certifying beneficiaries using the Post 9/11 GI Bill (Chapter 33). The initial enrollment certification must be after the beneficiary enrolls and up to 180 before the start of the term. The second certification will take place after the add/drop period of the term, but no later than 30 days after the term begins.

Along with the certification, the student (for Chapter 33 beneficiaries) must self-certify their enrollment monthly with the VA.

FBBC&TS will not deny re-admittance to a program if the service member or reservist is temporarily unavailable to attend classes, or must suspend their studies due to service requirements. The Institution will also make accommodations for short absences for such services.

In compliance with Section 103 of the Veterans Benefits and Transition Act of 2018, FBBC&TS does not impose any penalty, including the assessment of any late fee, the denial of access to classes, libraries, or any other institutional facilities, regardless of the timing of received payments from the U.S. Department of Veterans Affairs. FBBC&TS does not require that a VA student recipient borrow additional funds to cover their financial obligations to our institution due to any delayed disbursement of payment from the VA.

### **Common Financial Aid Questions:**

*Where Can I Seek Counseling About Financial Aid?*

Faith's Financial Aid Office has staff members who can assist you in understanding your financial aid, budgeting your resources, and managing your loans. You are encouraged to contact our office at 1-888-FAITH-4-U; locally and from outside the United States, call 1-515-964-0601 to schedule an appointment. Other services provided by the Financial Aid Office include assessing eligibility for financial aid, awarding aid, and processing Federal Direct Loans.

*Do I Need To Fill Out A Financial Aid Application Each Year?*

Each year you must complete a Free Application for Federal Student Aid (FAFSA) to be eligible for most forms of financial aid. Electronic filing is available on the Internet at <https://studentaid.gov/h/apply-for-aid/fafsa>.

*Will My Financial Aid Stay The Same Through All The Years I Study At Faith Baptist Bible College & Theological Seminary?*

In general, if your calculated financial need, academic standing, and place of residence (on- or off-campus) remain consistent from year to year, your state and federal financial aid awards also will remain consistent from year to year.

Calculation of your eligibility for financial aid is based upon the information you and your family provide on your FAFSA. If your family situation changes, such as another sibling enters college or your family's income or assets significantly increase or decrease, your financial aid award(s) may change.

You have the right to expect equitable treatment in the awarding of financial aid. Your application is individually analyzed by the staff in the Financial Aid Office. Your award also may change because of changes in federal, state, or school funding or regulations. Please call the Financial Aid Office if you have questions about your financial aid package.

*What does the term "academic year" mean for financial aid purposes?*

Faith's academic year begins with the fall term and ends the following spring; for example, the terms in order for the 2021-2022 year are Fall 2021 and Spring 2022. (Summer and winter module courses are considered to be a part of the term they occur closest to.) For the purpose of administering federal, state, private, and school financial aid programs, the Federal Title IV academic year as defined in section 481(a) of the Higher Education Amendments will be used. Section 481(a) defines academic year as a minimum of 24 semester credit hours earned AND a minimum of 30 weeks of instruction.
