Institutional Mission Statement

The mission of Faith Baptist Bible College and Theological Seminary, as a fundamental Baptist institution of Christian higher education, is to prepare vocational Christian workers and ministry leaders for local churches throughout the world.

Department Mission Statement

The Biblical Studies Program exists to instruct ministry workers in the great truths of Scripture and to train biblical servants in exposition, communication, and application of the Word of God. While all four-year graduates at FBBC have a Bible major, the Biblical Studies Program degrees enhance this biblical emphasis and stress the development of exposition skills.

General Assessment

- The number of assessed students was limited: 8-18 students for most evaluations.
- Nearly all categories were met. The categories involving written work were down.
- We need to stress Christian service requirements more and develop a better system for tracking progress.
- The criteria for the goals could be raised. However, these assessments will be replaced with Canvas based assessments.
- Overall, the results show that the program goals are being achieved.
