I. Program Outcomes: This chart is used to summarize the assessment activities and results that specifically address your program outcomes. Consider each goal and complete the chart as directed. **However, if you have focused on certain selected outcomes only for this year, highlight/designate those for particular emphasis.** Use additional appendices as needed.

This goal #	Tools or activities used to assess this goal & benchmark	Results of this goal's assessment(s) ¹ (provide data: e.g., summaries, averages, etc.)	Implications and/or recommendations for improving students' learning related to this goal	*Status of Goal (4..3..2..1)
1	-Capstone, sections 1-2. Section 1 assesses how students can analyze a text (observation, interpretation, and application). Section 2 assesses how the students can incorporate that lesson into a comprehensive educational program for a church.	Benchmark: 85% of the students will score 85%. Combining the scores together on these sections, the students scored 150.4 out of 160 points total. The average score for these sections was 94%, which is a 4.0 rating.	I (acting chair) think we should seriously consider two issues: 1. Are we identifying all the who should be taking the Capstone Exam on Assessment Day in the Spring students (and what that determination should be)? That will be determined by the three program faculty next year, under the direction of the new Program Chair. It will be one of the focused initiatives. 2. Does the capstone represent fully what all students should be able to perform as a result of the program outcome #1 and #2? This issue might well be decided after another year or two when the incoming Program Chair is more setting in the position.	4 Exceeds Expectations
2	-Capstone, section 3 – This section asks students to apply their Bible lesson to their overall philosophy of ministry.	Benchmark: 85% of the students will score 85%. Combining the scores on this section, the students scored 37.8 out of 40 points, which is 94.5%. It is a small sample, but which is a 4.0 rating.		4 Exceeds Expectations
3	Evaluated by the Emphasis: ² Women's Ministries 1.-Expositional Teaching I Messages 2.-Expositional Teaching II Messages	Women's Ministries Benchmark: 85% of the students will score 85%. 1. Message 1: 85.7% scored above 85 Message 2: 71% scored above 85% 2. 80% scored 85 or better on all three messages	No changes needed. (The average on Message 2 seems low, but it was a smaller class, so 2 students with a lower score brought the average down)	WM 3 WM 4

¹ The rubric was changed to 100 points instead of 50 points as it was last year.

² For Christian Education emphasis and the O.A. minors, students will be evaluated by their Christian Service Ministry Evaluations . Academic advisors will direct students toward mentoring ministries. World Missions emphasis students will be evaluated by that Emphasis Assessment.
