FUNDAMENTALS OF
BIBLICAL COUNSELING
AND DISCIPLESHIP
MODULE

Equipping you to grow in
your own life and assist others

**TAUGHT BY
DR. JEFF NEWMAN**

FUNDAMENTALS OF BIBLICAL COUNSELING AND DISCIPLESHIP

This course is a study of a Biblical philosophy and methodology of counseling and discipleship, as well as a practical approach to selected topics using the Word of God. Among the subjects considered are the qualifications of those involved in Biblical counseling and discipleship, a basic Biblical anthropology, the sufficiency of the Scriptures, the sufficiency of Christ, basic principles of progressive sanctification, the responsibility of the local church in Biblical counseling, and several crucial topics such as confession, repentance, forgiveness, anger, conflict, and helping those who suffer.

In addition, the student will be taught basic methods of counseling and discipleship including assisting him or her to:

- Understand the character and role of relationship in counseling and discipleship
- Gather and interpret Biblically the details of people's lives
- Have discipleship conversations with people to help them interpret and live their lives through the lens of the Bible
- Give structure and direction provide people with encouragement and the opportunity to live life in its details with faith in Christ
